

PONTUS

I'M A FRONTEND DEVELOPER

Hello, I'm Pontus. I specialize in React, Next.js & JavaScript/Typescript. I also run a web agency, applying my skills to real projects and seeking an internship to gain more experience.

DEV EXPERIENCE

WEBBYRO – SELF EMPLOYED

FRONTEND DEVELOPER 2024 – present

At Webbyro, we specialize in creating high quality websites at reasonable prices, delivering tailored solutions that meet clients' needs.

VOBLING AB

VR DEVELOPER INTERN 2022 dec – 2023 may

During my two-year VR education, I completed a five-month internship at Vobling, working on their VR Fire Trainer, a tool for simulating fire emergencies and improving firefighting training.

RECENT PROJECTS

EVENTIFY

Eventify is an event management system built with React/Next.js/Tailwind. It leverages an API created in a group project.
